## Professional Summary

Results-driven Software Engineer with 3+ years of experience in full-stack and backend systems. Skilled in designing scalable microservices, optimizing database performance, and building high-quality applications. Experienced in cross-functional collaboration and delivering impactful features across fintech, marketing, and analytics platforms.

## Technical Skills

Languages:	JavaScript, TypeScript, Python, Java, C++, Go
Backend:	Node.js, Express.js, NestJS, Flask, FastAPI, Django
Frontend:	React.js, Angular, HTML5/CSS3, Bootstrap, MUI
Databases:	PostgreSQL, MySQL, MongoDB
Cloud/DevOps:	AWS, GCP, Docker, CI/CD
Tools:	Git, GitHub, Jira, Postman, DBeaver
Testing:	Jest, Unit

## Professional Experience

### Talentica Software

*Software Engineer*

Pune, India — Remote

Nov 2024 – Present

- Architected and developed a polls management system with real-time voting, modular APIs, and responsive UIs (React/Angular).
- Enhanced an influencer marketing platform (Triller) by building analytics pipelines, Instagram Stories integration, and scalable microservices.
- Improved system reliability with CRON-based tracking, AWS S3 integration, and robust error handling.
- Led feature development across multiple services, driving engagement metrics and admin panel improvements.

### Eternalight Infotech

*Software Engineer*

Pune, India — Remote

Feb 2024 – Nov 2024

- Built core backend services for FamO Money, a fintech platform, enabling real-time investment tracking (stocks, mutual funds, gold).
- Developed a contract note parser microservice using Python, AWS Textract, and LLMs, achieving 98% accuracy in data extraction.
- Designed scalable APIs and schemas in PostgreSQL, reducing manual entry by 90%.

### SpringML Inc.

*Cloud Engineer*

Hyderabad, India — Remote

Jul 2022 – Nov 2023

- Delivered an AI-powered invoice parser with Angular + Flask + Vertex AI, reducing manual finance ops.
- Built crash analytics dashboards and export pipelines, improving data usability and stakeholder insights.
- Managed GCP IAM and deployed scalable Looker dashboards for real-time analytics.

## Education

National Institute of Technology (NIT), Andhra Pradesh  
B.Tech in Computer Science and Engineering

2018 – 2022
